This course is a continuation of MUS 122. Emphasis is placed on altered and chromatic harmony, common practice era compositional techniques and forms, and continued studies in part-writing, ear-training, and sight-singing. Upon completion, students should be able to demonstrate proficiency in the recognition and application of the above. *This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.*

Course Objectives

Upon completion of this course, the student will be able to:

- Read and comprehend music at an advanced level.
- Identify, notate, and analyze chromatic chords, such as secondary dominant, secondary leading-tone, Neapolitan, augmented sixth, and borrowed chords.
- Recognize and label modulations, including common chord and enharmonic modulations.
- Analyze the formal structure of musical works, specifically standard large-scale forms such as binary, ternary, 12-bar blues, sonata, and rondo forms.
- Create an original work demonstrating concepts of part writing, voice leading, chromatic harmony, modulation, form, and proper notation practices within the Western art music tradition.
- Evaluate performances of music, specifically music written in the nineteenth century.
- Analyze musical excerpts using Roman numerals, figured bass symbols, and lead sheet symbols.

Grading Scale

A-Excellent = 93–100%

B-Good = 85–92%

C-Average = 77–84%

D-Below Average = 70–76%

F-Unsatisfactory = Below 70%

Note: Grades are rounded to the nearest whole number.

Evaluation

Final grades will be determined by the following categories:

Micro-Assessments (quizzes, homework, in-class assignments, and mandatory office visits): 35%

2 Exams (15% each): 30%

Composition Project: 15%

Comprehensive Final Exam: 20%

Mandatory Office Visits

Students will be required to schedule and meet with the instructor at least twice during the semester: once before the official withdrawal date (10/24/2016) and once after the withdrawal date (but before the final exam). Each visit must be a minimum of 10 minutes to meet the requirement and will count as a micro-assessment grade. It is the student's responsibility to schedule a time with the instructor at a reasonable time before the stated deadlines. Appointments are not guaranteed if the student procrastinates.

Micro-Assessments

- Quizzes will be given in class to assess student comprehension of the material. No make up quizzes will be given.
- All homework assignments are due at the beginning of class. If the student knows they will be absent from class on a due date, the assignment must be submitted to the instructor early to receive credit. Scanned and emailed assignments will be accepted if the student is unable to attend class on the due date of an assignment as long as it is received before the scheduled class time. No late assignments will be accepted.
- In-class assignments include individual and group activities pertaining to the content. A student

must be present and participating in an in-class activity to receive credit. No credit will be given to absent students.

- To account for unexpected circumstances and absences, the lowest three micro-assessments will be dropped.

Exams

Exam dates will be announced at least two weeks before the exam is administered. No make-up exams will be given unless the student notifies the instructor prior to the exam and receives written approval from the instructor.

Attendance

“Coastal Carolina Community College is committed to the principle that class attendance is an essential part of its educational program. . . . students may miss up to 12.5% of class hours before being mandatorily dropped by instructors" (2016–2017 College Catalog, p. 45). If a student misses **more than 6 classes**, the instructor will **automatically drop** the student. If a student is dropped after the official withdrawal date, the student will earn a "W" or an "F" based on the student's performance at the time of the drop (2016–2017 College Catalog, p. 40). Reinstatement will only be provided in the event of extenuating circumstances.

"Note: Student absences from class will be counted beginning with the first class meeting after the student has registered for the class. Laboratory hours and class hours are not interchangeable in the application of the attendance guidelines. For students taking courses that are co-requisites, an attendance violation in one of the courses will result in the student being disenrolled from both courses" (2016–2017 College Catalog, p. 46).

Classroom Policies

- Students are expected to be respectful to the instructor and other students.
Disruptive and disrespectful behavior will not be tolerated. If a student continues to participate in disruptive behavior, a "Pre-Disciplinary Warning Form" will be utilized and disciplinary action may be taken according to the policy provided in the college catalog.
- Academic dishonesty will not be tolerated. Work submitted as one's own should not be done in collaboration with any other person, nor should it use material borrowed from any other source.
- Electronic device use will only be allowed for emergencies or specified classroom activities.
If a student needs their phone to be on sound or vibrate in case of an emergency, they should notify the instructor prior to class. A "Pre-Disciplinary Warning Form" will be used for unauthorized use of electronic devices (including ringing, vibrating, and other notification sounds) and disciplinary action may be taken according to the policy provided in the college catalog.
- Students should bring required materials (excluding CD set) to every class meeting unless otherwise instructed.
- All assignments and exams must be completed with a pencil. Graded work submitted in pen will receive no credit.
- Students are expected to check their CCCC email regularly.
- Food and drinks other than water will not be allowed in the classroom.
- Students should be punctual for all class meetings and be prepared by completing all assigned readings and homework.
