- Recognize and label modulations, including common chord and enharmonic modulations.
- Analyze the formal structure of musical works, specifically standard large-scale forms such as binary, ternary, 12-bar blues, sonata, and rondo forms.

VI. Attendance Policy

Coastal Carolina Community College is committed to the principle that class attendance is an essential part of its educational program. Class lectures, demonstrations, discussions, and other in-class experiences are regarded as vital ingredients of the educational process that cannot be easily compensated for through out-of-class make-up work. Coastal's attendance policy is designed to balance the educational benefits of regular class attendance with the demands of everyday life. In order to be officially enrolled, a student must attend the course no later than the census date. To allow for absences related to religious observances, illness, emergencies, and other circumstances, students may miss up to 12.5% of class hours (6 classes) before being mandatorily disenrolled by instructors.

NOTE: Student absences from class will be counted beginning with the first class meeting after the student has registered for the class. Laboratory hours and class hours are not interchangeable in the application of the attendance guidelines. For students taking courses that are corequisites, an attendance violation in one of the courses will result in the student being disenrolled from both courses.

If a student is dropped after the official withdrawal date, the student will earn a "W" or an "F" based on the student's performance at the time of disenrollment. Reinstatement will only be provided in the event of extenuating circumstances.

VII. Methods of Evaluation and Grading Criteria

Final grades will be determined by the following categories:

Micro-Assessments (quizzes, homework, and office visits): 30%

2 Exams (15% each): 30%

Composition Project: 15%

Comprehensive Final Exam: 25%

Micro-Assessments

- Quizzes will be given in class to assess student comprehension of the material.
- Homework assignments are due at the beginning of class time. If the student knows they will be absent from class on a due date, the assignment must be submitted to the instructor early to receive credit. Scanned and emailed assignments will be accepted if the student is unable to attend class on the due date of an assignment as long as it is received by class time.
- The instructor will not accept late homework assignments and will not provide make up quizzes.
- To account for unexpected circumstances and absences, the lowest three micro-assessments will be dropped.

Office Visits

Students will be required to schedule and meet with the instructor at least twice during the semester: once before the official withdrawal date and once after the withdrawal date (but before the final exam). Each visit must be a minimum of 10 minutes to meet the requirement and will count as a micro-assessment grade. It is the student's responsibility to schedule a time with the instructor at a reasonable time before the stated deadlines.

Exams

No make-up exams will be given unless the student notifies the instructor prior to the exam and receives written approval from the instructor.

Composition Project

Students will demonstrate mastery of concepts in music theory, particularly focusing on Chapters 16 through 21 from the textbook, by composing an original work for 4-part SATB choir. Members of the class will read projects during class time.

Grading System:
